

Code: MX701N - Light Duty Rapid Chiller

PICTURE

CODE and DESCRIPTION

- Dimensions: L 730 x D 835 x H 2090/2140 mm
- Working cycles available: +3°C
- Inner air diffuser on the back of the refrigerating room to ensure optimal airflow and homogeneous temperature
- Hot gas defrost as standard
- Structure in stainless steel AISI 304 18/10 inner and outer sides
- Self-closing full door equipped with a silicone gasket resistant to low temperatures, magnetic and heated door frame
- Insulation thickness: 75mm
- Refrigerant Gas R404A
- Core probe (Optional)
- Supplied with n. 3 shelves (couple runners + GN2/1 grills)
- N. of levels: max n. 23 shelves (distance 54mm)

ELECTRONIC CONTROLLER

Intuitive and user-friendly automatic digital controller allows +3°C cycles

	Refrigerating Room Temperature (°C)	External room temperature (°C)	Cooling effect (W)
Electrical power 500W/3,0A	+4	+28	743
	+4	+32	702
	+4	+35	670
