

Installation instruction - Asennusohje

Remote condensing unit - Ulkolauhdutinyksikkö

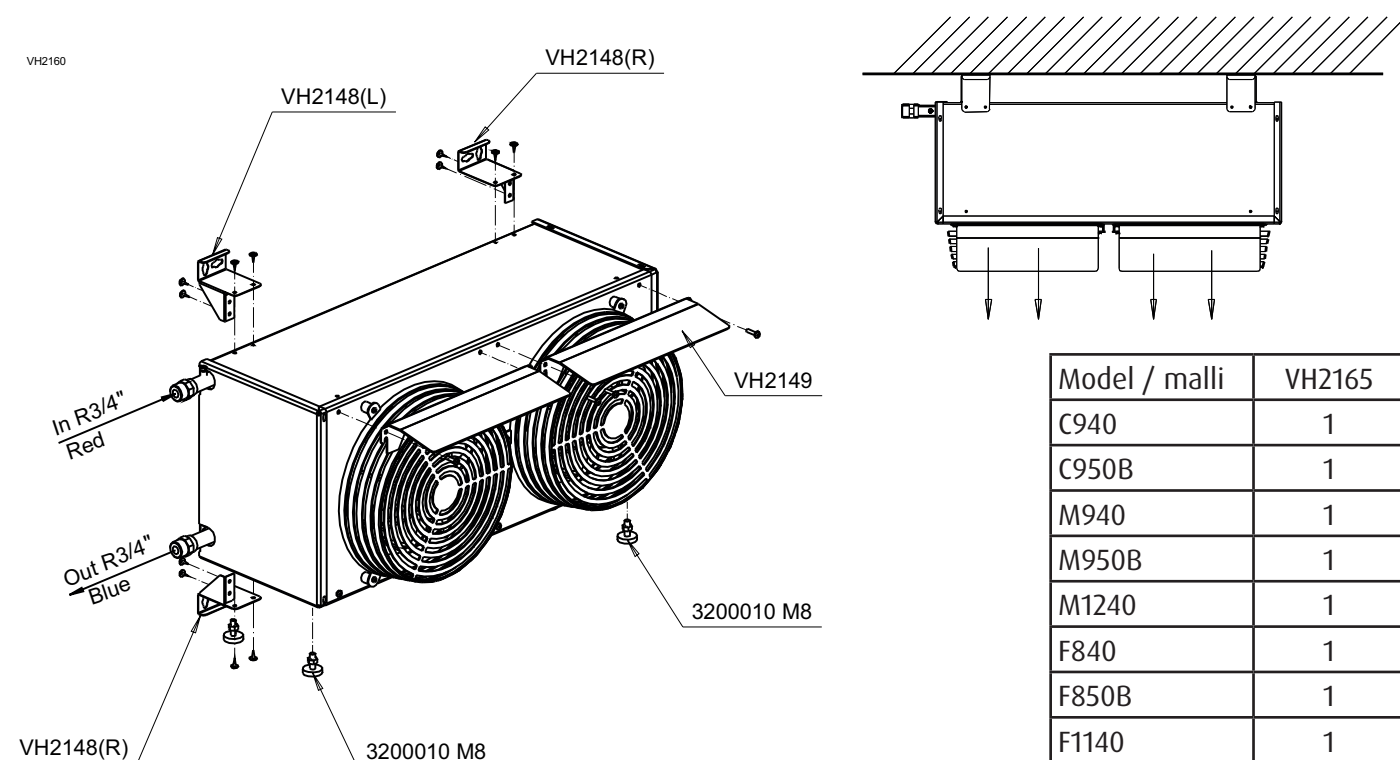

Remote condensing unit, ulkolauhdutinyksikkö

Component list / Komponenttiluettelo

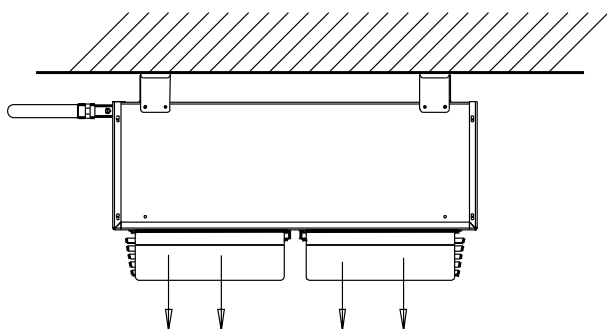

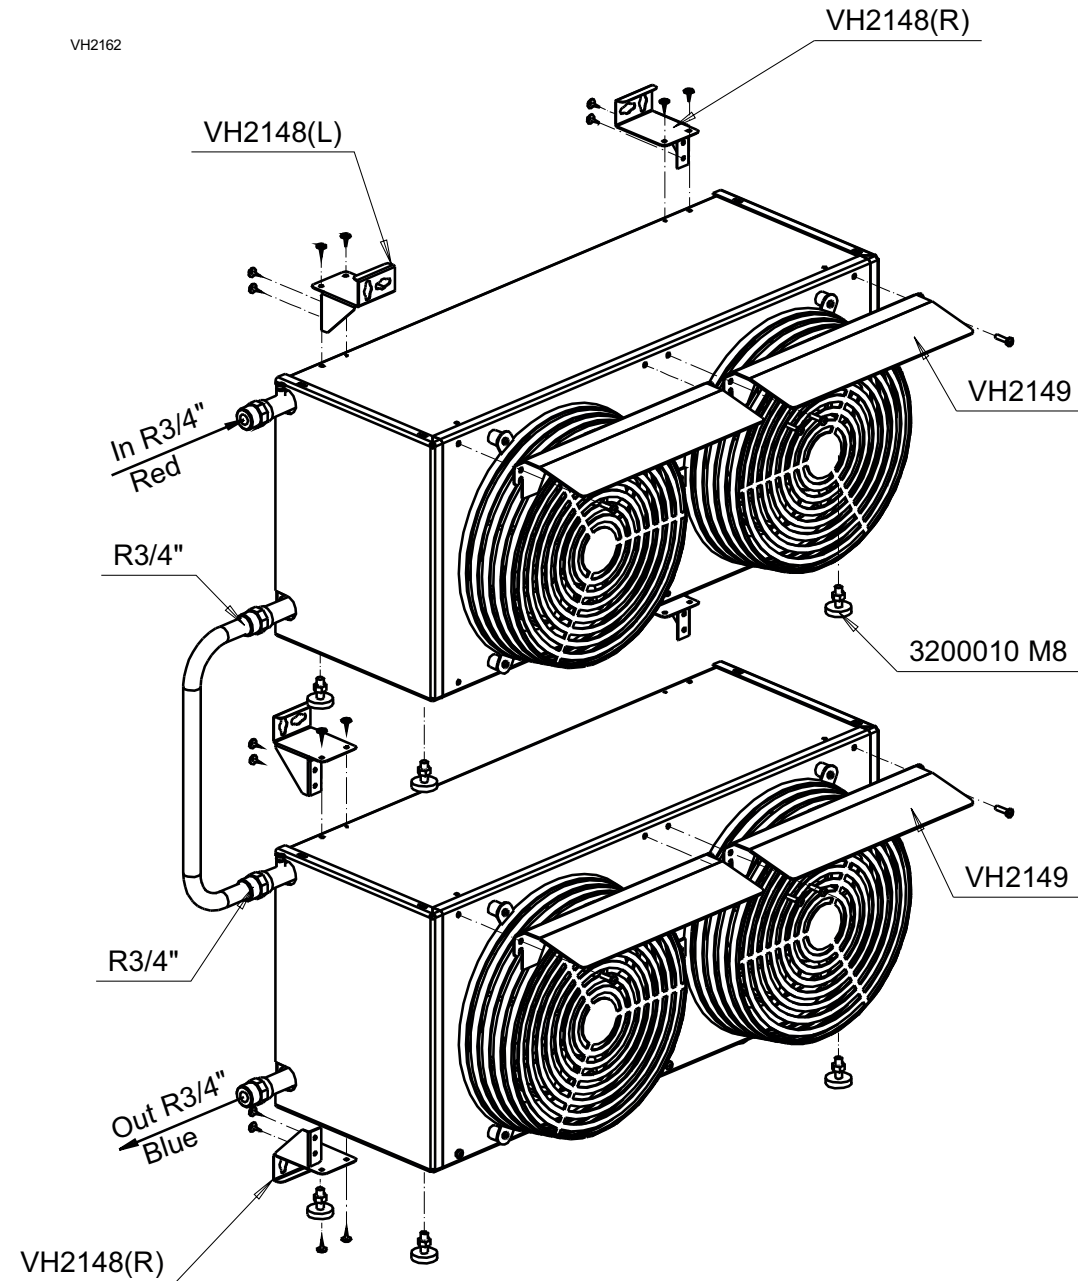

Single coil unit / yhden lauhduttimen yksikkö

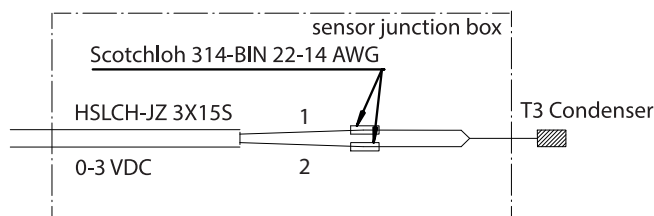

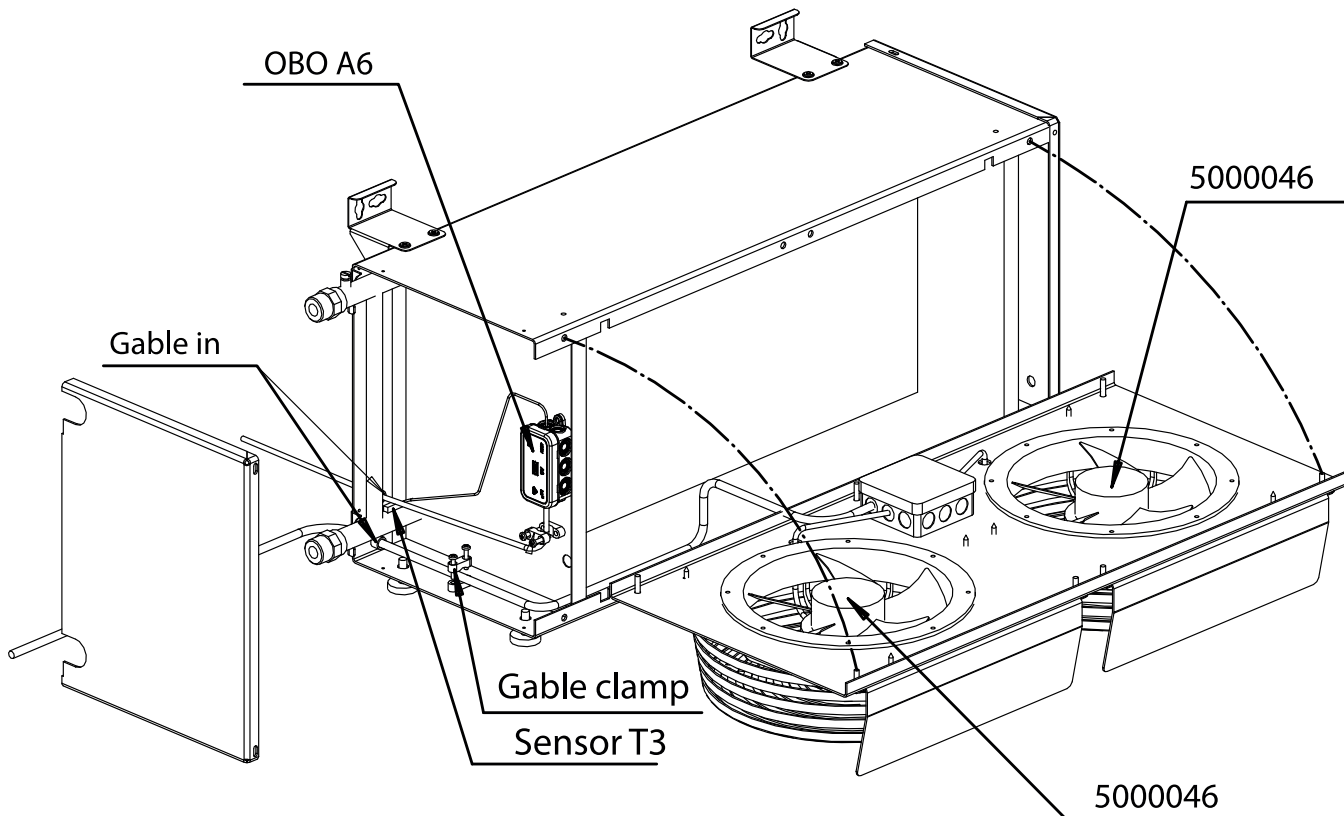

Remote condensing unit, ulkolauhdutinyksikkö

Dual coil unit (F1541) / kahden lauhduttimen yksikkö (F1541)

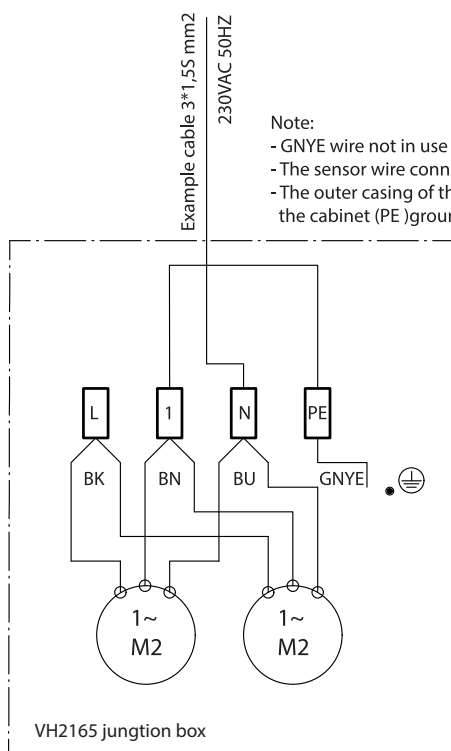

Remote condensing unit, ulkolauhdutinyksikkö

Wiring diagram / kytkentäkaavio

Note:

- GNYE wire not in use
- The sensor wire connection has not polarity requirement
- The outer casing of the cable must be connected to the cabinet (PE) ground

NOTE !!!

SERVICE / CLEANING

1. Switch off unit before cleaning / service
2. If it is necessary to use power water then take away front panel

HUOM !!!

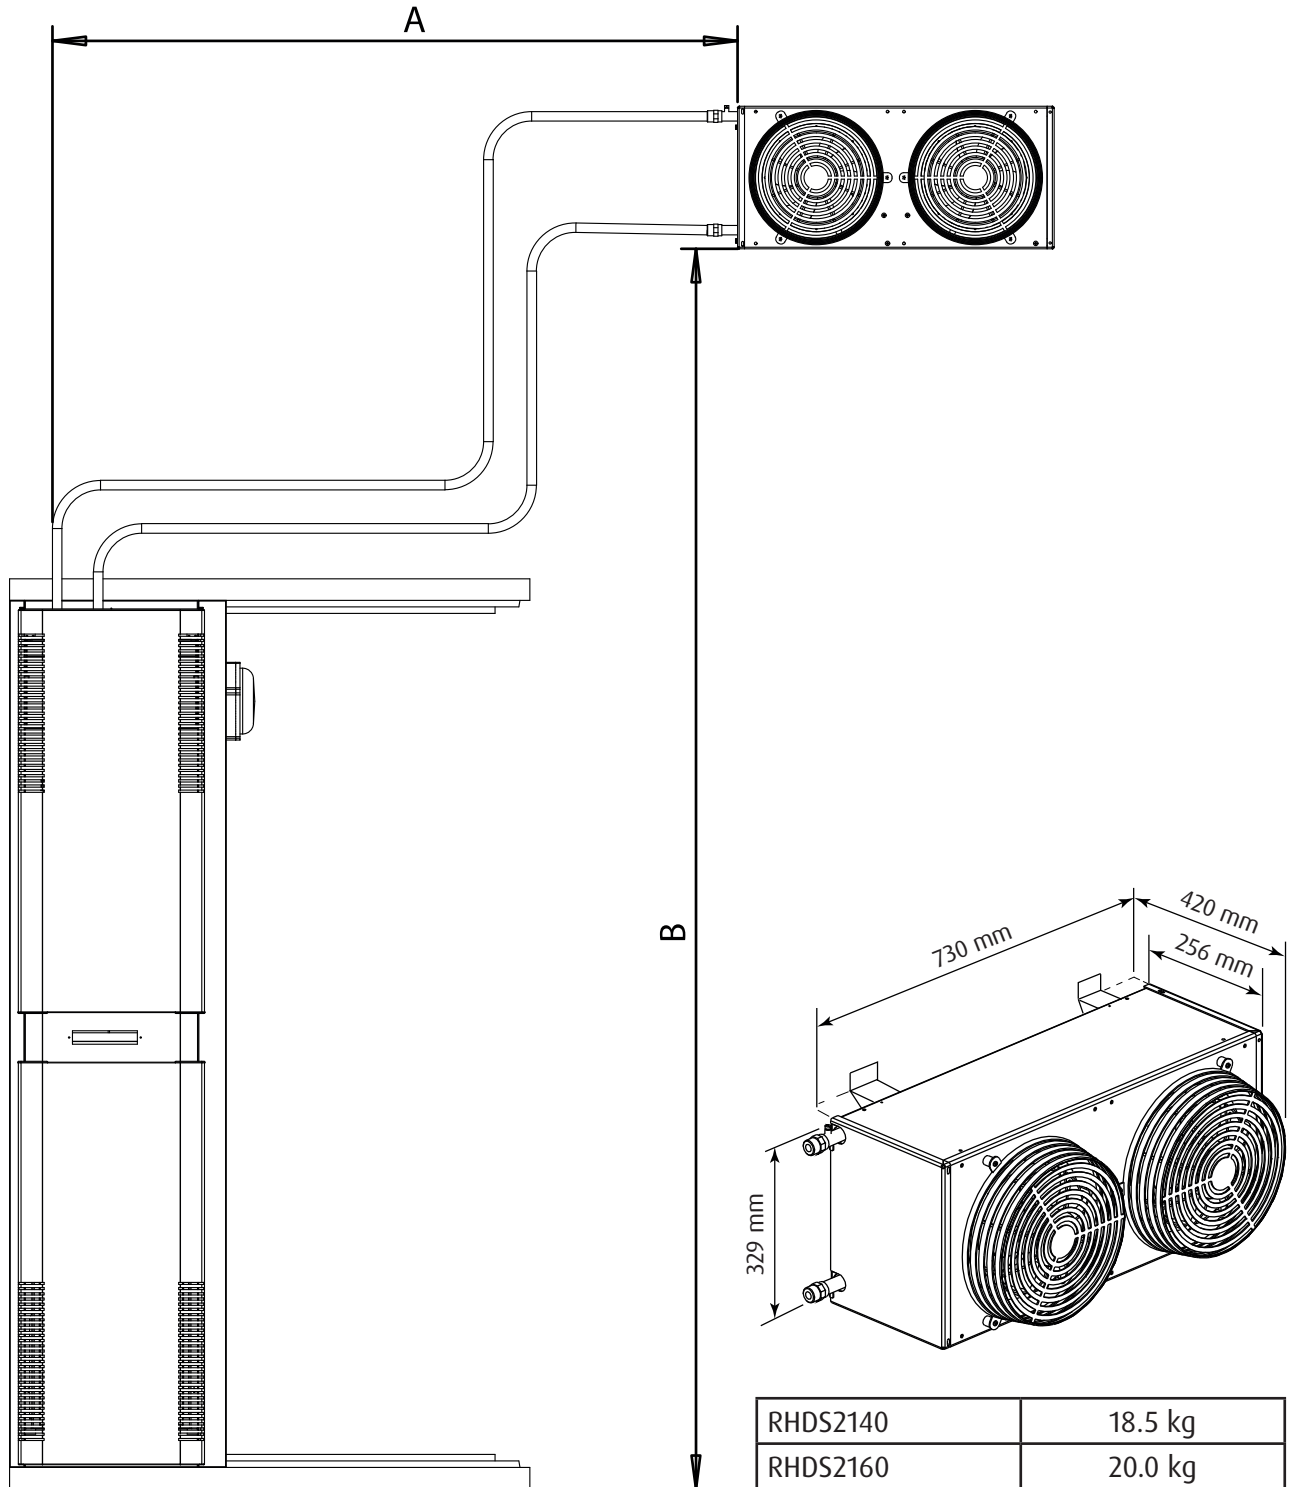

HUOLTO / PUHDISTUS

1. Sammuta laite ennen puhdistusta / huoltoa
2. Irrota etupaneeli, jos pitää käyttää painevettä

L = 2200rpm
1 = 1700rpm
